

Capital Markets and Securities Authority

# ANNUAL REPORT 2022-2023

# ABOUT CMSA

## Establishment

The Capital Markets and Securities Authority (CMSA) became operational in the 1995/1996 Financial Year. The establishment of CMSA followed comprehensive financial sector reforms in the early 1990s aimed at developing among others capital markets in Tanzania. The development of capital markets enable provision of appropriate mechanism for mobilizing long term savings and ensuring efficient allocation of resources to productive sectors and in that way stimulate economic growth.

The capital market in Tanzania is governed by the Capital Markets and Securities Act, Chapter 79 R.E. 2002 (CMS Act). The CMS Act is supplemented by specific Regulations and Guidelines governing various aspects of the capital markets. Furthermore, following the enactment of the Commodity Exchanges Act 2015, the CMSA is also mandated to supervise, develop and regulate commodity exchanges in Tanzania. The Commodity Exchanges Act is supplemented by the Commodity Exchanges Regulations, 2016.

## CMSA Functions

The core functions of the CMSA are to:-

promote and develop efficient and sustainable capital markets and securities business in Tanzania while ensuring fair and equitable dealings;

formulate principles for the guidance of the industry, protection of investors' interests and integrity of the securities market against any abuses;

licensing and regulating stock and commodity exchanges, dealers, brokers and their representatives and investment advisors;

advising the Government on policies and all matters relating to the securities and commodity markets industry.

# VISION AND MISSION

## Vision

To be a professional regulator of capital markets that meet international standards of inclusion and investor protection.

## Mission

To create enabling environment for the development and maintenance of a fair, inclusive, efficient, transparent, innovative and sustainable capital and commodity markets which fuel economic growth.

## Our Core Values

In its endeavor to accomplish its mission and realize the vision, CMSA is guided by its core values of:-

### Professionalism

committed to upholding high standards of professionalism in all undertakings in order to maintain integrity of the capital markets industry;

### Innovation

positions innovation at the fore by encouraging and promoting new ways of doing business to employees, market intermediaries and all stakeholders;

### Collaboration

seeks to inculcate a culture of collaboration among its employees, leveraging on synergies as they work towards common organizational goals;

### Accountability

promote personal responsibility at all levels of the organization, the outcome of which is the commitment to reliably deliver services that meets expectations of stakeholders; and

### Diligence

creates in employees an attitude of hard work, perseverance, ethics, commitment, drive, passion, sense of urgency, and resourcefulness.

## 3.0 Chairman's Statement

It is my honor to present the Capital Markets and Securities Authority (CMSA) Annual Report for the Financial Year 2022/2023, which is the last year under the CMSA Strategic Plan 2018/19 – 2022/23 whose objectives have been substantially achieved.

The strategic initiatives undertaken resulted into issuance of diversified capital market products and services, improved financial inclusion and literacy, strengthened the institutional and technical capabilities of market participants, and enhanced the intermediary environment within the capital markets.

Accordingly, CMSA focused on key initiatives aimed at expanding the market by increasing the number and diversity of capital market products, enhancing the regulatory framework to better meet the needs of investors and issuers, growing the investor base, and improving financial inclusion through comprehensive capital markets awareness programs. In alignment with national policies, the strategic initiatives undertaken during the period, have been pivotal in advancing strategic initiatives that support industrialization and contribute to the national development objectives set forth in the Tanzania Development Vision (TDV) 2025 as outlined in the Financial Sector Development Master Plan (FSDMP) 2020/21 – 2029/30.

Looking ahead, the financial year 2023/2024 marks the beginning of developing a new Strategic Plan for the period – 2023/24 – 2028 with new impetus for implementation of strategic objectives that include: enhancing depth and breadth of the capital markets; enhancing the capacity of the CMSA to deliver its mandate; strengthening institutional and professional capacity of capital markets intermediaries, and improved financial inclusion and literacy in the capital markets. Implementation of these objectives is an important milestone towards attainment of the aspirations enshrined in the FSDMP with regards to use of the capital markets as one of the key platforms in resources mobilization for implementation of development projects in public and private sectors, thus positioning the capital markets as a major engine for economic development.

In line with the broader national policy directions, CMSA will continue to focus on sustainably performing the supervisory and regulatory roles while dedicated to ensuring its financial viability, contributing to the Government's consolidated fund.

Accordingly, CMSA rests on engrossed priorities of expanding the market, updating the regulatory framework, developing new products and adoption of emerging technologies to meet the evolving needs of investors and issuers, promoting investor base growth and improving financial inclusion.

The continued support and collaboration from our key stakeholders have been instrumental in achieving these milestones. On behalf of the CMSA Board, I would like to extend my sincere gratitude to the Government of the United Republic of Tanzania for its invaluable support to the capital markets sector. Through the Ministry of Finance (MoF) and the Bank of Tanzania (BoT), the Government has played a pivotal role in providing fiscal incentives and sustaining CMSA's operations. We also appreciate the vital contributions from our development partners, including the United Nations Development Programme (UNDP), the United Nations Capital Development Fund (UNCDF), the European Union (EU), the Worldwide Fund for Nature (WWF), Financial Sector Deepening Africa (FSDA), and the Financial Sector Deepening Trust Tanzania (FSDT), which have all been essential in supporting our initiatives.

In conclusion, I would like to express my appreciation to all stakeholders, the Authority members, the Management, and the staff for their dedication and unwavering commitment to developing, regulating, and supervising the capital market industry in Tanzania. I look forward to our continued collaboration and efforts to ensure that the capital markets remain a crucial driver of resource mobilization for the country's economic development.

**Dr. John K. Mduma**  
**CHAIRMAN**  
**BOARD OF DIRECTORS**

# 4.0 Corporate Governance Report for The Financial Year 2022-2023

## 4.1. The CMSA's Corporate Governance Philosophy

CMSA implements international best practices on corporate governance which has facilitated becoming competitive in discharging its duties. As a trustee of its stakeholders, CMSA upholds the principles of transparency and accountability in its activities in order to create enabling environment for the development and maintenance of a fair, inclusive, efficient, transparent, innovative and sustainable securities markets. The Authority aspires to be the benchmark for value creation and good corporate citizenship and expects to realise its objectives by taking such actions as may be necessary in order to achieve its mission.

## 4.2. Institutional and Regulatory Framework

The institutional framework of the securities industry comprises the regulatory authority which is the CMSA; operators of the financial markets infrastructure (stock and commodity exchanges, central securities depositories, trade repositories and securities settlement and payment systems); and market intermediaries (dealers, investment advisers, fund manager, collective investment schemes, custodian of securities, commodity exchange traders and dealers, bond traders and nominated advisers).

The Board of the CMSA provides strategic guidance and direction to the Management in accordance with corporate governance principles and the Board Charter. The Management is charged with the general responsibility for day-to-day activities supported by staff of the Authority.

The regulatory framework consists mainly of the Capital Markets and Securities Act (Cap. 79) and the Commodities Exchanges Act [Act No: 19 of 2015] as principal legislation that are supported by various subsidiary legislation and guidelines.

## 4.3. The Board of the Capital Markets and Securities Authority

The Board is established under Section 6 of the CMS Act as “the members of the Authority”.

### 4.3.1. Members of the Authority

The Authority is composed of ten (10) members, including the Chairman who is appointed by the President of the United Republic of Tanzania; four ex-officio members, and four members appointed by the Minister for Finance. Below is a list of Authority Members that served during the year under review.

## 5.0 Chief Executive Officer's Statement

During the year ended June 2023, the Tanzania's capital markets was sound and robust as reflected by increased combined turnover, market capitalization and market index. The market also envisioned to maintain a positive trajectory in the foreseeable future owing to an increasing institutional and foreign investor participation, backed with stronger economic performance.

With regard to Collective Investment Schemes (CIS), the market indicated impressive strides in deepening the market. Investors demonstrated increased appetite and confidence, which was attributed by expert portfolio management and impressive returns ensued from sophisticated treasury management systems employed by the asset management companies and comprehensive regulatory oversight. CMSA will ensure continued deployment of appropriate levels of resources in order to facilitate sustained growth of the schemes and approval of new schemes to avail wide array of diversified portfolio to enhance financial inclusion through participation of the public in CIS investment.

The bond market continued to experience positive growth following the introduction of a benchmark bond and the establishment of a yield curve in the secondary bonds market, with the aim of increasing liquidity in the secondary market. The market is envisioned to maintain positive trend in investors appetite in the secondary bond market driven by strong institutional and retail investor demand, supported by Tanzania's solid economic performance.

In the efforts of deepening the market, CMSA continued to implement strategic initiatives to promote growth and soundness in the capital markets through market development and market supervision initiatives. Market development initiatives included facilitating increase in the number of capital market products; conducting public education and awareness programmes; and professional certification programmes. Market supervision initiatives involved surveillance of trading operations at DSE and TMX as well as monitoring conduct of market intermediaries.

to ensure compliance, transparency and fair-dealings. Corresponding to implementation of these initiatives, CMSA continued to maintain high professional standards in securities dealings and interactions with stakeholders. On legal and regulatory developments, CMSA progressed efforts towards addressing legal and regulatory gaps and development of new regulations to facilitate and accommodate emerging technologies and new products.

Sustained delivery of awareness programmes to various segments of the society and wide continuum of capital markets education programs offered to the public at large, the investor base has grown up and it is expected to grow further. CMSA will continue to ensure that more awareness programmes are conducted in order to enhance financial inclusion and expose the public to various opportunities and benefits available in the capital markets.

In the next financial year, CMSA seeks to progress efforts for development of a deep, diversified and inclusive capital markets by increasing the supply of more products on one hand and increasing the number of investors on the other. The initiatives include approval of more equities, units of collective investment schemes, corporate bonds, operationalisation of crowdfunding platforms and enhancing liquidity at DSE.

CMSA will also ensure sustenance of adequate risk management and compliance with international standards and principles for securities regulation as set by the International Organization of Securities Commission (IOSCO). Compliance with IOSCO objectives and principles increases investors' confidence and contributes to upholding integrity of the Tanzanian capital markets.

In ensuring sustained transparency, fair and equitable dealing in commodities trading, CMSA will continue to closely monitor the Exchange in terms of its operations and market development initiatives so as to maintain smooth and successful trading operations and protection of stakeholders' interests.

CMSA pledges for continued collaboration with stakeholders and engagement with the Government through the Ministry of Finance in advising the use of capital markets as an alternative financing avenue for economic development projects. I take the honour to appreciate the guidance and support received from the Government, Bank of Tanzania and Members of the Authority; stakeholders for their collaboration; Management and Staff of CMSA for their commitment and dedication towards realisation of the capital markets strategic objectives.

**CPA. Nicodemus D. Mkama**  
**CHIEF EXECUTIVE OFFICER**

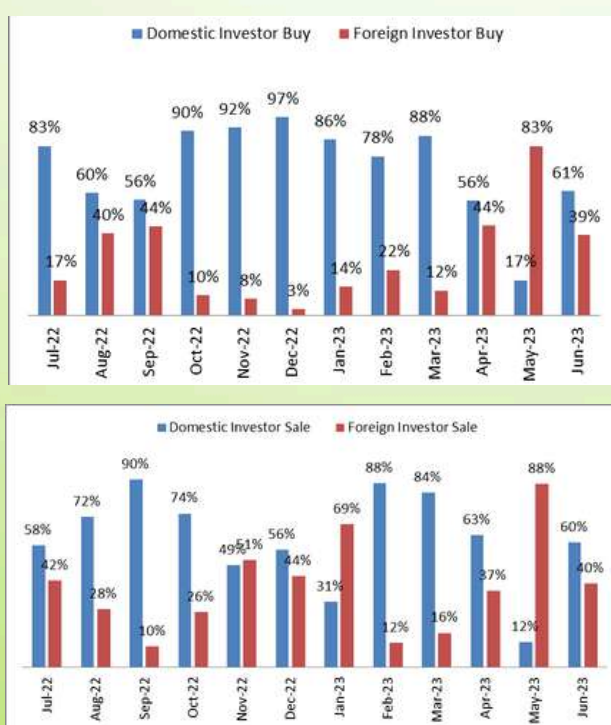

## 6.0 Performance of the Capital Markets in Tanzania

During the year ended June 2023, the capital markets were resilient and sound as reflected by satisfactory performance in both trading turnover and value of investment. Combined trading turnover of equities and bonds on the stock exchange increased by 1.7%, reaching TZS 3,407.78 billion for the period ending 30th June 2023, compared to TZS 3,349.91 billion in 2022. The total value of investment increased by 9.9% recording TZS 35.7 trillion as at 30th June 2023, compared to TZS 32.5 trillion as at 30th June 2022. The achievements were the results of conducive policy, regulatory and operational environment provided and supported by the Government through the Capital Markets and Securities Authority.

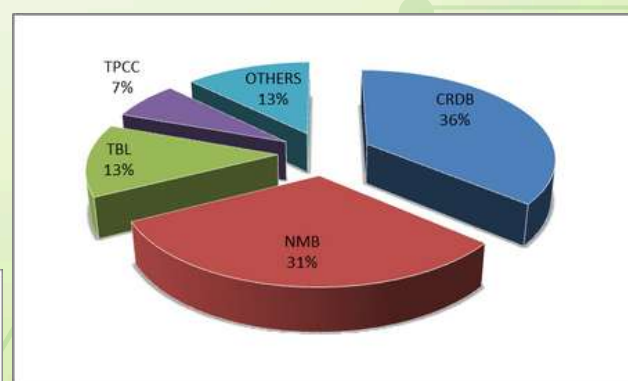

### 6.1.The Equities Market

#### 6.1.1.Market Turnover and Volume

The trading turnover in the equity market decreased to TZS 107.58 billion compared to TZS 126.63 billion recorded in June 2022 due to investors taking a bearish position as a result of ongoing international geo-political tensions with the unpredictable global forex market. Other factors included decision of some investors to shift their investments portfolio from equity to fixed income securities and Collective Investment Schemes which are considered less risky. Similarly, during the year under review, total number of shares which exchanged hands decreased by 46.22 percent to 127.97 million from 237.97 million shares traded during the previous year ended June 30, 2022 indicating decrease in investors' appetite in high risk securities such as shares.

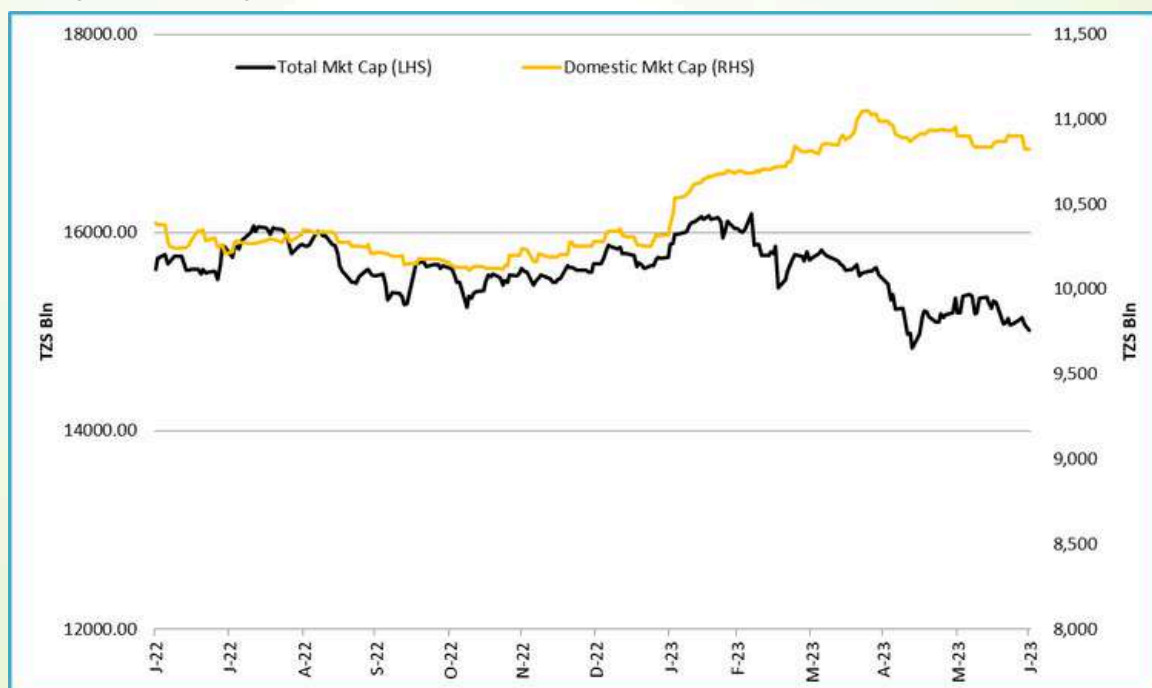

**Figure 2: Investor Participation in the Equity Market**

**Figure 1: Market Turnover (TZS billion) for the year ended June 2023**

### 6.1.2. Market Capitalization

The share of domestic market capitalization increased in line with relative good performance of domestic listed companies observed during the year. Domestic market capitalization increased by 4.21 percent to close at TZS 10,825.68 billion compared to TZS 10,388.59 billion recorded in June 2022. The increase in market capitalization was a result of investors' confidence on the performance of listed companies and strong domestic macroeconomic environment. CRDB, NMB, TBL, TPCC, SWISSPORT, TCC, DSE, NICO and TWIGA are among the Domestic market companies which contributed to the increase in market capitalizations during the year. Total market capitalization which include domestic and cross-listed companies, decreased by 3.9 percent to close at TZS 15,010.36 billion compared to TZS 15,634.06 billion recorded in June 2022. The decrease was due to decrease in share price of cross listed companies listed at Nairobi Stock Exchange including EABL, ICCB and JHL.

**Figure 3: Market Capitalization Trend (in millions TZS) from July 2022 to June 2023**

### 6.1.3. Market Indices

Tanzania Share Index (TSI) which tracks performance of domestic listed companies increased by 4.2 percent and closed at 4,091.81 points compared to 3,928.55 points recorded as at 30th June 2022. Commercial Services Index (CS) increased to 2,155.32 points, an increase of 0.6 percent from 2,141.86 points recorded June, 2022. The increase in CS Index was mainly attributed to increased share price of Swissport. Similarly, Bank, Finance and Investment Index (BI) increased by 12.3 percent to close at 3,929.62 points from 3,498.17 recorded in June 2022. The increase of BI Index was mostly attributed to increase in share prices of CRDB whereas Industrial and Allied Index (IA) increased by 1.3 percent to close at 5,107.08 points compared to 5,039.79 points recorded June 2022 due to increased share price of TWIGA. The DSE Share Index which tracks performance of all listed companies closed at 1,800.04 points, 4.0 percent decrease as compared to 1,875.52 points recorded at 30<sup>th</sup> June 2022.

Indices	30-Jun-23	30-Jun-22	YOYChange (%)
All Shares Index (DSEI)	1,800.04	1,875.52	-4.0%
Tanzania Share Index (TSI)	4,091.81	3,928.55	4.2%
Industrial & Allied (IA)	5,107.08	5,039.79	1.3%
Banks, Finance & Investment (BI)	3,929.62	3,498.17	12.3%
Commercial Services (CS)	2,155.32	2,141.86	0.6%

**Table1: Market Indices, June "23" and June "22"**

Source: DSE Market Report, CMSA

**Figure 4: ASI Index and TSI Index Trend from July 2022 to June 2023**

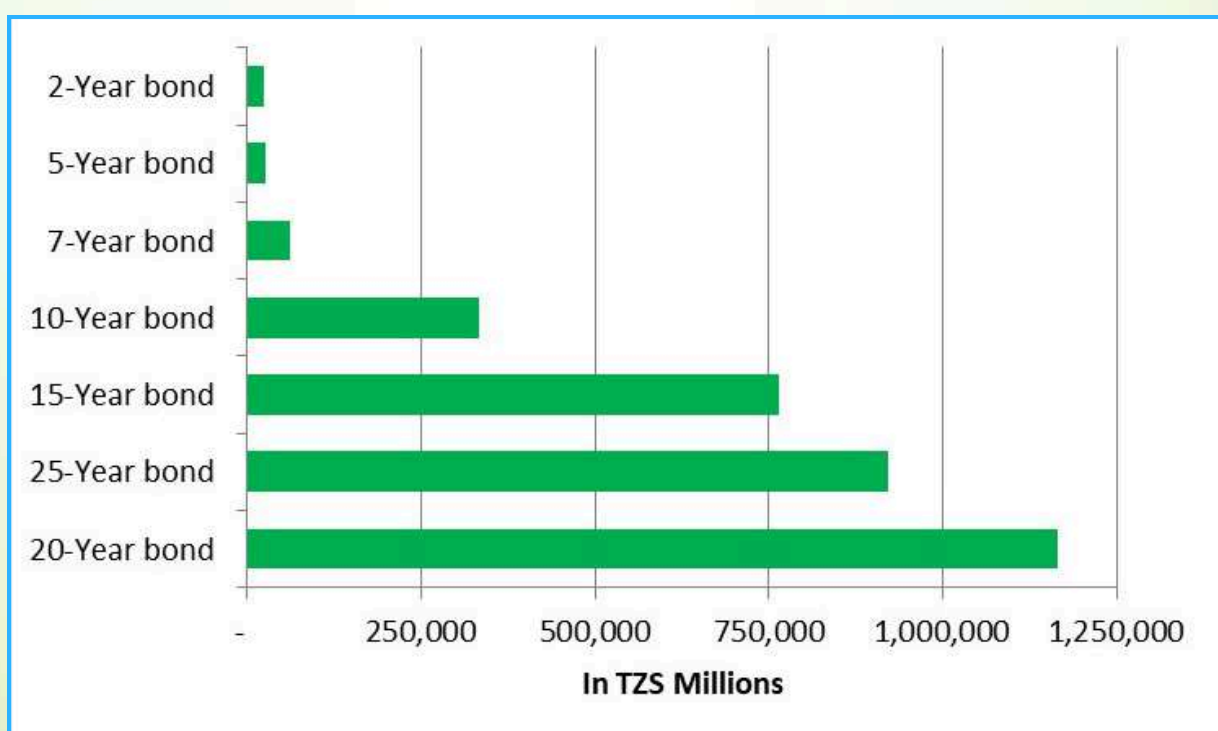

## 6.2. Bond Market

During the year ended 30th June 2023, the bond market continued to study the progress of the introduced Benchmark Bonds and Yield Curve to the secondary bond market. The same was a result of the decision of the government re-opening up of government bonds with the aim of increasing liquidity of bonds to the secondary market. The Government continues to provide selected bonds to feature in the current government bond benchmark yield curve for the purpose of promoting transparency and price discovery in the market.

On the primary market, treasury bonds with maturities of 2-, 5-, 7-, 10-, 15-, 20- and 25- were issued in the primary market by the Bank of Tanzania. Total amount issued were TZS 4,330.74 billion an increase of 25.2 percent compared to TZS 3,459.59 billion recorded during the previous year ended 30th June 2022. Investors responded with bids amounting to TZS 4,620.36 billion compared to TZS 6,653.19 billion tendered during the year ended 30th June 2022. Successful bids were TZS 3,901.96 billion compared to TZS 2,913.99 billion recorded in the year 2022. The Weighted Average Yield to Maturity for 2-, 5-, 7-, 10-, 15- 20- and 25-year Treasury bonds were 8.74%, 9.53%, 9.59%, 10.88%, 11.52%, 12.48% and 12.94% respectively.

On the secondary market, treasury bonds worth TZS 3,300.32 billion were traded on the Dar es Salaam Stock Exchange during the year under review, which is equal to increase of 2.39 percent compared to treasury bonds worth TZS 3,223.28 billion traded during the previous year ended 30<sup>th</sup> June 2022. The increase in the value of bonds traded during the year was attributed to among others the continued investors' appetite to risk free investments and attractive yields to maturity for 25-year, 20-year and 15-year bonds. On corporate bond, the value of the bonds worth TZS 981.93 million were traded which is equivalent to an increase of 19.6 percent compared to bonds worth TZS 821.04 million traded during the year ended June 2022.

The observed good performance was due to continued confidence of investors towards fixed income securities. At the close of the year, treasury bonds with different maturities worth TZS 19.17 trillion were outstanding while listed corporate bonds worth TZS 153.56 billion were outstanding.

**Figure 5: Treasury Bond Trading Turnover in secondary Market 2022/23 (in TZS Million)**

### 6.3. Performance and Continuous Disclosure by Listed Companies

During the year ended 30th June 2023, listed companies continued to comply with the continuous listing obligations including publication of the annual audited financial statements. Listed companies in the banking sector reported satisfactory financial performance with sound and stable level of capital and liquidity above regulatory requirements. Listed companies in other sectors have also reported satisfactory financial performance for the period as per the published periodic financial results.

## 6.4. Performance of Collective Investment Schemes

### 6.4.1. Open Ended Collective Investment Schemes

#### 6.4.1.1 UTTAMIS Schemes

During the year ended June 30, 2023, The UTT AMIS continued to publish the Net Asset Values (NAV) of the collective investment schemes under its management. All the funds exhibited positive growth in terms of NAV per unit. Umoja Fund, Wekeza Maisha Fund, Jikimu Fund, Watoto Fund, Liquid Fund and Bond Fund NAV per unit increased by 11.19 percent, 12.49 percent, 6.01 percent, 12.41 percent, 12.49 percent and 1.71 percent respectively attributed to among other factors earnings from fixed income and non-fixed income and the increase in share prices of CRDB, DSE, NICO, NMB and TPCC in which the funds have invested in.

S/N	Scheme	Scheme size as at 30th June 2023 (Millions)	Scheme size as at 30th June 2022 (Millions)	NAV per unit as at 30th June 2023	NAV per unit as at 30th June 2022	NAV Growth for the year (%)	NAV per Unit Growth for the year (%)
1	Umoja Fund	319,929.43	288,593.20	926.94	833.63	10.86	11.19
2	Wekeza Maisha	9,164.07	4,378.25	792.03	704.10	109.31	12.49
3	Jikimu Fund	20,036.29	18,527.36	166.12	156.70	8.14	6.01
4	Watoto Fund	10,746.14	5,730.63	583.79	519.32	87.52	12.41
5	Liquid Fund	724,657.65	434,652.18	362.15	321.93	66.72	12.49
6	Bond Fund	423,569.98	219,794.85	115.82	113.87	92.71	1.71

**Table 2: Open Ended Collective Investment Schemes**

#### 6.4.1.2 Faida Fund

Faida fund is a CIS managed by Watumishi Housing Investments. The CIS primarily focuses on creating wealth to Tanzanians particularly to middle and low-income groups through investments in units to obtain competitive return through capital growth; and enhance the culture of savings in the financial assets. During the year, the Fund's NAV per unit grew to TZS 104.97 per unit compared to TZS 100 per unit recorded during the initiation on November 1<sup>st</sup>, 2022 and TZS 100.34 on January 1<sup>st</sup>, 2023. The fund size also increased to TZS 15.35 billion compared to TZS 13.88 billion recorded on January 13, 2023. The recorded performance was attributed to good returns from investments which the fund has invested and the increased investor's confidence and participation (Table 3).

Date	Scheme size Trend Jan'23 to June'23 ( TZS Millions)	NAV per unit Trend Jan'23 to June'23 (TZS)
Jan 2023	13,875.13	102.56
Feb 2023	14,249.32	104.97
Mar 2023	14,634.01	107.61
Apr 2023	14,800.92	110.24
May 2023	15,107.09	112.98

**Table 3: Faida Fund Scheme Trend Jan "23" to June "23"**

Source: Source: WHI Reports, CMSA

## 6.4.2. Investment Management Companies

### i. National Investments Plc (NICOL)

NICOL experienced growth trend with prices going up consistently during the year under review. At the close of the year, the share price of NICOL at the Dar es Salaam Stock Exchange increased by 8.3 percent to TZS 325 per share compared to TZS 300 per share recorded in June 2022. The appreciation in share price was attributed by among other factors investors' appetite towards NICOL's shares accelerated by the performance of the company.

### ii. TCCIA Investment Public Limited Company (TICL)

During the year ended 30th June 2023, the share price of TCCIA Investment PLC at the Dar es Salaam Stock Exchange remained relatively stable at TZS 155 per share, largely attributed to TCCIA's investments in counters whose share prices were also relatively stable up to the close of the year ended 30th June 2023.

## 6.4.3. Fund Management

At the end of the year, the value of total assets under other fund managers was TZS 146.98 billion. Funds placed by individual clients were 47.12 percent of the total fund management portfolio whereas the funds placed by institutional investors were 52.88 percent. The fund managers composed of Watumishi Housing Company-Real Estate Investment Trust, managing 42.06 percent of the total value of funds, followed by TSL Investment Management Limited with 34.21 percent and the remaining managing 23.73 percent. Funds were diversified into several asset classes with 39.14 percent placed in real estate, followed by money market instruments accounting for 43.72 percent and 17.14 percent in equities, Treasury bills and bonds.

## 6.5. Monitoring of Market Activities

### 6.5.1. Offsite Surveillance of Market Intermediaries

The performance of the brokers was satisfactorily driven by increased market activities experienced during the year ended June 2023 as evidenced by increased trend in total turnover and volume that resulted in satisfactory level of commission which form large part of brokers' income.

### 6.5.2. Surveillance of DSE trading and CSD Operations

CMSA continued to monitor activities of Dar es Salaam Stock Exchange and the Central Securities Depository and Registry (CSDR) during the year ended 30 June 2023. Offsite monitoring of daily trading activities on both equities and bond market through the market watch system connected to DSE's Automated Trading System, had revealed that trades were conducted in compliance with the rules and regulations.

### 6.5.3. Nominated Advisers

During the year under review, CMSA continued with monitoring operations of the Nominated Advisers (NOMADs) by reviewing their compliance reports. The reports submitted were in compliance with the Capital Markets and Securities (Nominated Advisers) Regulations, 2008. As at 30th June 2023, there were five NOMADs licensed by CMSA. The licensed NOMADs include ARCHCO Limited, Core Securities Limited, E.A Capital Limited, Tanzania Securities Limited and Orbit Securities Company Limited.

## 6.6 Commodity Exchange Trading Operations

During the year ended 30th June 2023, offsite reviews were conducted on auctions conducted by Tanzania Mercantile Exchange (TMX) on their trading portal. The following were the auctions which took place during the year under review.

### 6.6.1. Commodity Trading

The following were the auctions which took place during the year under review:-

#### i. Cocoa Trading

Cocoa auctions were conducted in Morogoro region where a total of 352,800 Kgs was traded worth TZS 1.65 billion. The highest price was TZS 4,761 and lowest price was TZS 4,200.

#### ii. Coffee Trading

Coffee in was auctioned in Kagera region where a total of 1,883,450 Metric tons of coffee was traded worth TZS 3,188.73 million. The trade of coffee in the region included Arabica, Arabica clean, Robusta and Robusta clean. The highest price reached was TZS 5,045 and the lowest price was TZS 1,651.

Coffee Type	Highest (Tzs)	Lowest (Tzs)
Arabica	4,000	3,001
Arabica clean	4,761	4,500
Robusta	2,400	1,651
Robusta clean	5,045	3,305

### 6.6.2. Public Awareness programs for Commodities

During the year under review, TMX attended the 46th Dar es Salaam International Trade fair (Sabasaba) in July 2022 where public awareness was conducted to all individuals that visited TMX booth. Also, TMX participated in the National Farmers day (Nane nane) in August, 2022 in Mbeya region. Several individuals visited TMX booth including Ruvuma Regional commissioner, Cooperative Union Leaders, AMCOS Leaders, Farmers and Civilians, 80 stakeholders were reached.

In addition, TMX continued to conducted public awareness and sensitization programs to various groups of market stakeholders in Manyara and Sumbawanga regions.

The workshops intended to increase awareness to farmers on the benefits of trading commodities through TMX and the Warehouse Receipt System to participants.

## 6.7. Other Market Issues

### 6.7.1. African Securities Exchanges Association and Pan-African Payment Settlement System Sign MoU to enhance cross-border trading

The African Securities Exchanges Association (ASEA) and the Pan-African Payments and Settlement System (PAPSS) have signed a Memorandum of Understanding (MoU) to collaborate on ways to enhance the payments process for cross-border securities transactions in Africa. The MoU was signed during ASEA's 73rd Executive Committee Meeting on April 14, 2023, in conjunction with the 11th Building Africa Financial Markets (BAFM) Seminar hosted by the Zimbabwe Stock Exchange (ZSE).

The partnership between ASEA and PAPSS aims to improve the cross-border payments system in Africa and promote the development of the continent's financial markets. This MoU is particularly timely given the recent launch of ASEA's African Exchanges Linkage Project (AELP) in December 2022, which aims to facilitate cross-border trading. With support from the African Development Bank (AfDB), ASEA has made significant progress in integrating member exchanges across the continent through the AELP, covering seven exchanges and 14 countries in its first phase, with plans to expand to 15 exchanges across 22 countries.

### 6.7.2. Change in the Conduct of Monetary Policy

On 28th June 2023, the Bank of Tanzania (BOT) announced that, in order to improve the effectiveness of the monetary policy, it will shift from conducting monetary policy based on the current monetary targeting framework, which targets money supply, to an interest rate-based monetary policy framework that focuses on interest rate, effective from January 2024. The interest rate-based framework started to be used by countries in 1990 and currently it is used by 45 central banks around the world. The BOT emphasized that interest rate-based monetary policy framework has proven to be more efficient and transparent in delivering the desired monetary policy outcomes in the countries that have been using it.

## 7.0.Strategic Initiatives and Activities Carried Out During the Year

### 7.1. Increasing Number and Diversity of Capital Markets Products and Services.

#### 7.1.1. Review of Applications for Issuance of Capital Market Products

During the year under review, eight (8) applications for issuance of capital market products were reviewed, out of which six (6) applications were approved compared to the plan of four (4). The approved applications were in respect of the following:

Information Memorandum in respect of National Bank of Commerce Limited Medium-Term Note (MTN) programme worth TZS 300 billion to be issued in six tranches. The first tranche, dubbed 'Twiga Bond' worth TZS 30 billion with a green shoe option of TZS 20 billion raised TZS 38,911,200,000, a subscription rate of 130%. The bond was successfully listed on the Dar es Salaam Stock Exchange on 20th December 2022.

Information Memorandum in respect of KCB Bank Tanzania Limited Sukuk Bond dubbed 'Fursa Sukuk' to raise TZS10 billion with a green shoe option of up to TZS 5 billion. The bond raised TZS 11,042,500,000, a subscription rate of 110%. The KCB Bank Corporate Sukuk was listed on DSE on 13th January 2023 being the first Shariah compliant product to be listed on the Exchange.

Information Memorandum in respect of Imaan Finance Limited to raise TZS 5 billion through issuance of Ethical Sharia Compliant Sukuk Bond. The Sukuk raised TZS 11 billion, a success rate of 220 percent. The proceeds raised are being used to finance small and medium sized Sharia compliant businesses.

Information Memorandum in respect of Amana Bank Limited to raise TZS 5 billion through issuance of Ethical Sharia Compliant Sukuk Bond. The Sukuk raised TZS 6.75 billion, a success rate of 135 percent. The proceeds of the Sukuk are being used to finance Sharia compliant businesses.

Pricing Supplement in respect of Tanzania Mortgage Refinance Company Limited (TMRC) to raise TZS 10 billion through issuance of tranche 4 of the TMRC Medium Term Note (MTN) Programme worth 120 billion. The funds raised is being used for wholesale lending to banks that issue mortgage loans to customers for development of housing and settlement sector.

Constitutive documents in respect of Collective Investment Scheme named "Faida Fund" operated by Watumishi Housing Investments (WHI) with CRDB Bank Plc as custodian, where the Initial Public Offer for Faida Fund raised TZS 12.95 billion, a success rate of 173%. The scheme provides opportunities to retail investors including youth and women to invest in government securities and corporate bonds listed on the stock exchange with a view of maximizing their returns.

### 7.1.2. Development of Sustainability Capital Market Products

CMSA in collaboration with WWF Tanzania and other stakeholders developed a Framework and Draft Guidelines for Issuance and regulations of sustainability (Environmental, Social and Governance - ESG) capital market products in Tanzania. The Framework and draft Guidelines were quality reviewed after which they were submitted to the Authority for approval. The approval by the Authority paved way for submission to the Ministry of Finance and publication to Government Gazette.

CMSA also participated in budget dialogues between the Ministry of Finance and the European Union delegation involving budget support from the EU to the Government and its institutions, including the CMSA. The EU is keen on supporting development of regulatory framework for green bonds and development of an exchange listed venture capital fund. In addition, CMSA has conducted stakeholder sensitization seminar with a view to promoting usage of crowdfunding platforms as a means of raising finance by small and medium enterprises.

### 7.1.3. Development of Guidelines for Investment-based Crowdfunding and Guidelines for Corporate and Subnational Sukuk bonds

CMSA in collaboration with stakeholders drafted Guidelines for Investment-based Crowdfunding and Guidelines for Corporate and Subnational Sukuk bonds. The Authority approved the draft guidelines during its 103<sup>rd</sup> Ordinary Meeting. The Guidelines were submitted to the Ministry of Finance on 15th May 2023 for finalisation and publication in the Government gazette.

## 7.2. Conducting Capital Markets Professional Training and Certification

CMSA in collaborates with the Chartered Institute of Securities and Investment (CISI), UK in conducting a Securities Industry Certification Course (SICC). During the year, two sessions of examinations and 70 candidates who passed their examination were granted certificates during the Graduation Ceremony held on 7<sup>th</sup> December 2022. In addition, training sessions for the SICC programme were conducted physically and virtually from 17<sup>th</sup> April 2023 to 31<sup>st</sup> May 2023 involving a total 61 candidates. The program provides candidates with the requisite eligibility for grant of license internationally and across the East African region as the qualification has an international recognition.

## 7.3. Monitor the Conduct of Business

During the year ended June 2022, offsite monitoring of trading equities and bonds was done on daily basis through the Dar es Salaam Stock Exchange Market Watch System connected to CMSA and Central Depository System. No market abuses or manipulations were detected during the daily surveillance of trading activities. CMSA will maintain to monitor the conduct of business through Surveillance on daily basis in order to prevent any violation / abuses that might be caused by the market intermediaries

## 7.4. Implementation of Market Supervision Initiatives

### 7.4.1. Conduct Off-Site Analysis of Reports from Market Intermediaries

Daily offsite monitoring of trading activities was conducted through the Dar es Salaam Stock Exchange Market Watch System connected to CMSA and Central Depository System. No market abuses or manipulations were detected.

In addition, CMSA continued to monitor financial performance and compliance with the Anti-Money laundering and Counter Terrorist Financing (AML/CFT) Legislation for the market intermediaries. With the facilitation of CMSA all intermediaries succeeded in achieving a satisfactory level of compliance with the requirements of the AML/CFT Legislation.

### 7.4.2. Conduct Onsite Inspections to Market Intermediaries

During the year under review, eight onsite inspections were conducted as planned. The inspections were based on CAMEL – RBS framework and much focused on the areas of high risks. The inspection of one intermediary revealed non-compliance with capital requirements. The intermediary was directed to submit a written commitment indicating how and when is going to comply with the capital requirement, in a way of capital build up plan. The ongoing monitoring of implementation of the capital build up plan indicated satisfactory level of progress.

### 7.4.3. Implementation of CAMEL RBS Framework

CMSA continued with implementation of a CAMEL – RBS framework. CAMEL – RBS is used by CMSA to assess risks on regulated entities. CAMEL – RBS framework involves a supervisory model that delve into review of Capital Adequacy, Asset Quality, Management Efficiency, Earnings and Profitability, Liquidity, Reputation Risk, Business Conduct and Sensitivity to the market risks for the Capital Markets Intermediaries. In addition, CMSA continued to monitor compliance of the market intermediaries with the minimum capital adequacy requirements. Brokers whose capital levels were below the prescribed requirement were categorized to be at high risk and were directed to submit capital build up plans.

A total of 15 out of 16 brokers (including 4 new brokers) had their capital levels above the minimum requirement and one (1) broker whose capital was below the required level was directed to submit a capital build up plan indicating how is going to comply with the capital requirement.

### 7.4.4. Monitoring of the Commodity Exchange Market (TMX) operations

During the year under review, Tanzania Mercantile Exchange (TMX) facilitated the following commodity trades:

1. Cocoa at Morogoro region where a total of 1,471,450 Kgs worth TZS 2,070,458,600 traded whereby the highest price was TZS 4,430 and lowest price was TZS 3,725.
2. Coffee in Kagera region where a total of 45,814 Metric Tons of coffee worth TZS 102,412,626,000 was traded. The highest price for Arabica was TZS 4,500 and Lowest price TZS 3,001 while the highest price for Robusta was TZS 5,045 and lowest price was TZS 3,305.
3. Cocoa auctions in Morogoro region where 352,800 Kgs was traded worth TZS 1,648,270,960. The highest price was TZS 4,761 per kg and lowest price was TZS 4,200 per kg.
4. Coffee in Kagera region where a total of 439,766 kgs of coffee was traded worth TZS 1,118,275,636. The trade of coffee in the region included Arabica, Arabica clean, Robusta and Robusta clean. The highest price reached was TZS 4,005 per kg and the lowest price was TZS 1,655 per kg.

The TMX also continued with public education and awareness campaigns by undertaking the following:

1. Participated in the Dar es Salaam International Trade fair (Sabasaba) and in the National Farmers day (Nanene) in Mbeya region to conduct public awareness to the public.
2. Participated in the International Day of Cooperatives in Tabora on 2nd July 2022 at Fatuma Mwasa grounds (Nanene) in Tabora.
3. Sensitization program to various groups of market stakeholders of Manyara and Sumbawanga regions. The workshop intended to increase awareness to farmers on the benefits of trading commodities through TMX and the Warehouse receipt system to participants.

## 7.5. Institutional and Professional Capabilities of Capital Markets Participants Strengthened.

Main activities that were planned include licensing of market intermediaries, representing the CMSA in Courts of Law and Quasi-Judicial bodies; and facilitating Board and Board Committee Meetings.

### 7.5.1. Licensing of Market Intermediaries and their Representatives

During the period under review, thirty-three (33) new licenses application were received and reviewed compared to the plan of sixteen (16). The applications were in respect of Fund Manager License; Broker/Dealer license; Bond Dealer license; Investment Advisor license; Custodian of Securities license; Investment Adviser Representative License; Fund Manager Representative License; Broker/Dealer's Representative Licenses and Bond Dealer Representative Licenses. With respect to renewal of licenses, 83 licenses were renewed compared to the plan of 70.

### 7.5.2. Facilitation of Board Functions

CMSA facilitated six meetings of the Authority and nineteen meetings of the Authority Committees as planned. The meetings were in respect of the Authority Committees for Corporate Approvals and Licensing; Audit and Risk; Rules and Regulations and Human Resources and Administration.

### 7.5.3. Initiatives for Operationalization of the Capital Markets Tribunal.

Following appointment of the Chairman of the Capital Markets Tribunal, the CMSA collaborated with the Ministry of Finance and Office of the Attorney General in drafting of the Tribunal Rules for guiding operations of the Tribunal. The Rules were submitted to the Ministry of Finance and Planning for approval and publication.

## 7.6. Public Education and Awareness Programmes

### 7.6.1. Capital Markets Presentations to Various Targeted Groups

During the period under review, CMSA conducted capital markets education and awareness seminars and presentations as planned. The objectives of the seminars were to build awareness around broad array of investments in capital markets, professional development, entrepreneurship and the potential for businesses to utilize capital markets as an alternative means of mobilizing resources for development projects.

### 7.6.2. Crowdfunding Operations Seminars to Key Stakeholders

Conducted Zonal / Regional stakeholders' seminars on Crowdfunding operations in Tanzania to key stakeholders. The seminars were conducted in six regions – Dodoma, Dar Es Salaam, Zanzibar, Mwanza, Arusha and Mbeya from 19th – 27th June 2023 where more than 750 participants attended the seminars.

### 7.6.3. Media Campaign on Promulgation of Crowdfunding Operations in Tanzania

Conducted media campaigns on Crowdfunding Operations covering major mainstream and social media outlets on the Promulgation of Crowdfunding Operations during the months of May – June 2023. The campaign highlighted on key features of Crowdfunding Guidelines; objectives benefits of supervising and regulating Crowdfunding operations; and how to participate as issuers, investors and crowdfunding platforms operators.

### 7.6.4. Conducted Capital Markets Universities and other Higher Learning Institutions challenge (CMUHLIC)

The Capital Markets Universities and Higher Learning Institutions Challenge 2022/23 (CMUHLIC) was launched on 7<sup>th</sup> December 2022 and closed on 31<sup>st</sup> May 2023 where more than 18,000 students participated in the challenge. The primary objective of the Challenge is to increase financial inclusion and literacy for participants in universities by testing their knowledge and understanding on issues related to capital markets and their application to real life situations. The award-winning ceremony was conducted on 26<sup>th</sup> October 2023 where the Minister for Finance was the Guest of Honour and study visits to the winners of the challenge will be conducted during Q1 of the FY 2023/24.

Attractive gender-sensitive prizes were awarded to the top winners of the Challenge, including cash prizes to be partly invested in shares of companies listed on the Stock Exchange; and a fully paid one-week hands-on capacity building program in foreign country with significant developments in capital markets. Past winners of the Challenge have demonstrated notable competencies in financial and capital markets issues, capabilities that have enabled them secure employment opportunities in different prestigious institutions including top international consulting, advisory firms, and financial institutions.

### 7.6.5. Participation in Exhibition and Crowd Pulling Events

CMSA participated in exhibitions and crowd pulling events being part of its obligation to conduct public awareness campaigns to different audiences as planned as following:

1. The National Economic Empowerment Council exhibition (NEEC) in collaboration with community microfinance groups, empowerment funds and empowerment programmes which was held at Mwanga Grounds in Kigoma Region from 21<sup>st</sup> to 27<sup>th</sup> May 2023. During the exhibition, 42 new CDS accounts were opened and another 6 existing investors were able to update their information by changing their phone numbers and bank accounts.
2. The Dar es Salaam International Trade Fair (46<sup>th</sup> DITF) in partnership with one licensed stock broker and other institutions under the Ministry of Finance and Planning (MoFP). The event took place from 28<sup>th</sup> June to 13<sup>th</sup> July 2022. During the exhibition, 210 new CDS accounts were opened out of which 60 were for equity securities, 20 for debt securities and 130 for collective investments schemes (CIS) units under UTT – AMIS.

3.The National Agricultural Show (Nanenane exhibitions) in partnership with one licensed stock broker and other institutions under MoFP. The exhibition took place from 01st to 08th August 2022 in Mbeya. During the exhibition, 183 new CDS accounts were opened comprising of 98 equity CDS accounts, 26 bond CDS accounts and 59 CDS for CIS units opened by UTT-AMIS.

4.The National Financial Services Week organized jointly with other institutions under the MoFP. The event took place from 21st to 26th November 2022 at the Rock City Grounds in Mwanza City. It is estimated that more than 2,500 people visited the CMSA Pavilion by asking questions and collecting booklets and leaflets.

5.The World Investor Week (WIW) from 03rd to 07th October 2022, a global campaign to raise awareness about the importance of investor education and protection, highlighting the various initiatives of capital market regulators in these two critical areas in collaboration with the International Organization of Securities Commissions (IOSCO) and other capital market regulators worldwide.

## **7.7.Raising the Profile of the CMSA Amongst the General Public and Key Stakeholders**

During the period under review, CMSA continued to attract numerous media interviews and enquiries from the major media outlets and social media streams including newspapers, blogs, Facebook and Instagram. CMSA maintained postings of capital markets awareness information and responses to enquiries on the CMSA's Facebook page, Instagram and print media outlets.

In commemoration of two years of Her Excellency Dr. Samia Suluhu Hassan, President of the United Republic of Tanzania in office, CMSA conducted media campaign including publishing a special supplement in the print media highlighting on the set legacy of exemplary performance in the capital market frontiers. The article was widely published in major media outlets and social media streams including newspapers, blogs, Facebook and Instagram.

## **7.8.Strengthen Regional and International Cooperation**

During the period under review, CMSA was represented in the following regional meetings and activities:

1. Joint Meeting of the committees that are under the Sectorial Council of Finance and Economic Affairs (SCFEA) of the East Africa Community (EAC) held from 5th to 7th September 2022 in Arusha. The Committees involved include the Monetary Affairs Committee (MAC), Committee for Fiscal Affairs (CFA) and the Capital Markets, Insurance and Pensions Committee (CMIPC). The objective of the meetings was to deliberate on the progress towards establishment of the East Africa Monetary Union (EAMU) Institution.

2. 44th ESAAMLG's Task Force of Senior Officials and the 22nd ESAAMLG Council of Ministers Meeting, Held in Livingstone, Zambia from 28th August to 3 September, 2022. The meeting received and documented the progress made by the United Republic of Tanzania in the addressing the deficiencies identified in the MER in FATF's Recommendations 3 and 5 and other reports for discussion by the National Multi-disciplinary Committee. Meeting of the Sectoral Council for Economic Affairs of the East African Community held in Arusha from 15th – 18th November 2022. The meeting deliberated among other issues, implementation of the Roadmap for realization of the East African Monetary Union and the World Bank financial support under the EAC Regional Initiative.
3. Meeting of the Committee of Insurance, Securities and Non-bank Authorities (CISNA) held in Ebene, Mauritius from 27-28 October 2022. During the meeting CMSA presented on the regulatory experience as part of collaboration between the United Nations Capital Development Fund (UNCDF) and the CISNA.
4. Meeting on AU – APRM Support to Member States on Credit Ratings and Sovereign Ratings 5th – 7th December 2022. The meeting discussed various credit ratings presentations covering aspects of Sovereign Ratings Approach, AAA Rated Countries, African Sovereign Rating Methodology and SAR Ratings and Research.

## 7.9. Enhancing CMSA Professional Training/ Capacity Building Programmes

During the year under review, Management implemented the CMSA Training Programme that resulted in attainment of an average of 51.2 hours of training per staff per annum, which is equivalent to 128 percent compared to the plan of 40 hours. The training conducted during the year include the following:

- One staff attended training on Information Systems Audit from 4th July, 2022 to 4th September, 2022 in Morogoro. The training culminated in attainment of Certified Information System Auditor (CISA) an internationally recognized qualification.

- Six staff with certified public accountancy (CPA) qualifications participated in the National Board of Accountants and Auditors (NBAA) and the Bank of Tanzania (BOT) Joint Seminar for Accountants and Auditors held from 24th to 26th May 2023 at Arusha International Conference Centre (AICC) in Arusha.

## 7.10.Challenges and Future Strategies

During the period under review, CMSA faced a number of challenges in implementing its plan. However, CMSA has devised various initiatives to address the challenges.

### 7.10.1.Challenges

The following are the key ones:

- Limited participation of institutional investors including social security funds which are key market players. This needs to be enhanced to increase liquidity and market turnover;
- High risk weights assigned to municipal and subnational bonds limiting commercial banks and financial institutions' appetite to invest in these instruments as they are not considered as liquid assets;
- Existence of State-owned commercial entities with capital and long-term finance needs that could be met through alternative financing opportunities available in the capital markets;
- Advancements in technology give rise to various innovative products some of which are vulnerable to cyber security threats, pyramid schemes and money laundering activities. This raises the need for the CMSA to regularly keep its staff and licensed intermediaries abreast of emerging financial technologies such as Distributed Ledger Technology; crowdfunding; digital assets; and other technology-based products and platforms;
- The level of financial literacy is relatively low due to among other things, financial literacy programmes focusing on higher levels of education, giving rise to the need for reaching a wider segment of the population, particularly the youth and middle income; and
- Low incomes amongst majority Tanzanians coupled with low level of saving culture, which contribute to low level of participation in investments and ultimately low local investor base.

### 7.10.2.Future strategies

In addressing the challenges and in talking the vision and mission of the capital markets, in the next financial year, CMSA's activities will include the following: -

- Guidance for institutional investors including social security funds, to diversify investments by buying liquid instruments in the capital markets vis-a-vis direct equity investments and real estates which are less liquid. Participation of institutional investors facilitates market liquidity and attracts more international investors;
- Enhance public financial literacy and awareness programs to a wider segment of the Tanzanian population, particularly the children and the youth. This will be done through implementation of financial inclusion framework for the securities industry;
- Guidance for State owned enterprises (SOE) to use alternative financing opportunities available in the capital markets as shown hereunder;
- Promoting new products for issuance to the market and restructuring the market to accommodate different categories of investors and issuers;
- Continue to take measures aimed at enhancing the integrity of the market and investors' confidence, protection of investors' interests, development of new market platforms and distribution channels; and
- Expose regulatory staff and market intermediaries to regular training on developments in the market domestically, regionally and internationally to keep pace with new global market developments.

## 8.0. Financial Report

### 8.1. Statement of Responsibility by Those Charged with Governance

The Capital Markets and Securities Act “CMS Act” requires directors to prepare financial statements for each financial year that give a true and fair view of the state of affairs of the Authority as at the end of the financial year and of its surplus or deficit for the year. It also requires the directors to ensure that the CMSA keeps proper accounting records that disclose, with reasonable accuracy, the financial position of the CMSA. They are also responsible for safeguarding the assets of the CMSA and hence taking reasonable steps for the prevention and detection of fraud, error and other irregularities.

The directors accept responsibility for the financial statements, which have been prepared using appropriate accounting policies supported by reasonable and prudent judgments and estimates, in conformity with International Public Sector Accounting Standards (IPSAS) and the requirements of the CMS Act. The directors are of the opinion that the financial statements give a true and fair view of the state of the financial affairs of the CMSA and of its surplus in accordance with International Public Sector Accounting Standards (IPSAS). The directors further accept responsibility for the maintenance of accounting records that may be relied upon in the preparation of financial statements, as well as designing, implementing and maintaining internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement whether due to fraud or error.

Nothing has come to the attention of the directors to indicate that the Authority will not remain a going concern for at least twelve months from the date of this statement.

Signed on behalf of the Board of Directors by;

**Board Chairman**  
**Date: 27<sup>th</sup> January 2024**

**Chief Executive Officer**  
**Date: 27<sup>th</sup> January 2024**

## 8.2. Declaration of the Head of Finance for the Year Ended 30<sup>th</sup> June 2023

The National Board of Accountants and Auditors (NBAA) according to the power conferred under the Auditors and Accountants (Registration) Act No. 33 of 1972, as amended by Act No. 2 of 1995, requires financial statements to be accompanied with a declaration issued by the Head of Finance responsible for the preparation of financial statements of the entity concerned.

It is the duty of a professional accountant to assist the Board of Directors to discharge the responsibility of preparing financial statements of an entity showing true and fair view of the entity position and performance in accordance with applicable International Accounting Standards and statutory financial reporting requirements. Full legal responsibility for the preparation of financial statements rests with the Board of Directors as under Directors Responsibility statement on an earlier page.

I, James T Nyanda, being the head of finance of Capital Markets and Securities Authority (CMSA) hereby acknowledge my responsibility of ensuring that financial statements of the year ended 30<sup>th</sup> June, 2023 have been prepared in compliance with applicable accounting standards and statutory requirements.

I thus confirm that the financial statements give a true and fair view position of Capital Markets and Securities Authority (CMSA) as on that date and that they have been prepared based on properly maintained financial records.

## 8.3. Independent Report of the Controller and Auditor General

The Chairman of the Board,  
Capital Markets and Securities Authority (CMSA)  
P O Box 75713,  
**DAR ES SALAAM.**

### REPORT ON THE AUDIT OF FINANCIAL STATEMENTS

#### Unqualified Opinion

I have audited the financial statements of Capital Markets and Securities Authority, which comprise the statement of financial position as at 30 June 2023, and the statement of financial performance, statement of changes in net assets and cash flow statement and the statement of comparison of budget and actual amounts for the year then ended, as well as the notes to the financial statements, including a summary of significant accounting policies.

In my opinion, the accompanying financial statements present fairly in all material respects, the financial position of Capital Markets and Securities Authority as at 30 June 2023, and its financial performance and its cash flows for the year then ended in accordance with International Public Sector Accounting Standards (IPSAS) Accrual basis of accounting and the manner required by the Public Finance Act, Cap. 348.

#### Basis for Opinion

I conducted my audit in accordance with the International Standards of Supreme Audit Institutions (ISSAIs). My responsibilities under those standards are further described in the section below entitled "Responsibilities of the Controller and Auditor General for the Audit of the Financial Statements". I am independent of Capital Markets and Securities Authority in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants (IESBA Code) together with the National Board of Accountants and Auditors (NBAA) Code of Ethics, and I have fulfilled my other ethical responsibilities in accordance with these requirements.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

#### Key Audit Matters

Key audit matters are those matters that, in my professional judgment, were of most significance in my audit of the financial statements of the current period. I have determined that there are no key audit matters to communicate in my report.

#### Other Information

Management is responsible for the other information. The other information comprises the Report by Those Charged with Governance, the Statement of Responsibilities, by Those Charged with Governance

and the Declaration by the Head of Finance but does not include the financial statements and my audit report thereon which I obtained prior to the date of this auditor's report.

My opinion on the financial statements does not cover the other information, and I do not express any form of assurance conclusion thereon.

In connection with my audit of the financial statements, my responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements, or my knowledge obtained in the audit, or otherwise appears to be materially misstated.

If, based on the work I have performed on the other information that I obtained prior to the date of this audit report, I conclude that there is a material misstatement of this other information, I am required to report that fact. I have nothing to report in this regard.

### **Responsibilities of Management and Those Charged with Governance for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with IPSAS and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error. In preparing the financial statements, management is responsible for assessing the entity's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the entity or to cease operations or has no realistic alternative but to do so. Those charged with governance are responsible for overseeing the entity's financial reporting process.

### **Responsibilities of the Controller and Auditor General for the Audit of the Financial Statements**

My objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error and to issue an audit report that includes my opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with ISSAIs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISSAIs, I exercise professional judgment and maintain professional skepticism throughout the audit. I also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion.

- The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control;
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control;
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management;
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the entity's ability to continue as a going concern. If I conclude that a material uncertainty exists, I am required to draw attention in my audit report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify my opinion. My conclusions are based on the audit evidence obtained up to the date of my audit report. However, future events or conditions may cause the entity to cease to continue as a going concern; and
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

I communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that I identify during my audit.

I also provide those charged with governance with a statement that I have complied with relevant ethical requirements regarding independence and to communicate with them all relationships and other matters that may reasonably be thought to bear on my independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, I determine those matters that were of most significance in the audit of the financial statements of the current period and are, therefore, the key audit matters. I describe these matters in my audit report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, I determine that a matter should not be communicated in my report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest of such communication.

In addition, Section 10 (2) of the Public Audit Act, Cap 418 [R.E 2021] requires me to satisfy myself that the accounts have been prepared in accordance with the appropriate accounting standards.

Further, Section 48(3) of the Public Procurement Act, Cap 410 [R.E 2022] requires me to state in my annual audit report whether or not the audited entity has complied with the procedures prescribed in the Procurement Act and its Regulations.

## **1.1 REPORT ON COMPLIANCE WITH LEGISLATIONS**

### **1.1.1 Compliance with the Public Procurement laws**

**Subject matter:** Compliance audit on procurement of works, goods, and services  
I performed a compliance audit on the procurement of works, goods, and services in the Capital Markets and Securities Authority for the financial year 2022/23 as per the Public Procurement laws.

#### **Conclusion**

Based on the audit work performed, I state that procurement of goods, works and services of Capital Markets and Securities Authority is generally in compliance with the requirements of the Public Procurement laws in Tanzania.

### **1.1.2 Compliance with the Budget Act and other Budget Guidelines**

#### **Subject matter: Budget formulation and execution**

I performed a compliance audit on budget formulation and execution in the Capital Markets and Securities Authority for the financial year 2022/23 as per the Budget Act and other Budget Guidelines.

#### **Conclusion**

Based on the audit work performed, I state that Budget formulation and execution of Capital Markets and Securities Authority is generally in compliance with the requirements of the Budget Act and other Budget Guidelines.

Charles E. Kichere  
**Controller and Auditor General, Dodoma,  
United Republic of Tanzania.**

## 1. GENERAL INFORMATION

Capital Markets and Securities Authority (CMSA) is a government Agency established to promote and regulate securities business in the country. It was established under Capital Markets and Securities Act, 1994.

The address of its registered office is:

Capital Markets and Securities Authority,  
6<sup>th</sup> Floor, Garden Avenue Tower,  
PO Box 75713,  
Dar es Salaam,  
**Tanzania.**

The principal accounting policies adopted in the preparation of the financial statements are set out below. These policies have consistently applied to all the years presented, unless otherwise stated.

## 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

### (a) Basis of Preparation

These financial statements have been prepared in accordance with International Public Sector Accounting Standards (IPSAS) accrual basis. The measurement basis applied is the historical cost basis, except where otherwise stated in the accounting policies below. The financial statements are presented in Tanzania Shillings (TZS), rounded to the nearest thousand. The preparation of financial statements in conformity with IPSAS requires the use of certain critical accounting estimates. It also requires management to exercise its judgement in the process of applying the Authority's accounting policies. The areas involving a higher degree of judgement or complexity, or where assumptions and estimates are significant to the financial statements, are disclosed.

### (b) Foreign currency translation

#### Functional and presentation currency

The financial statements are presented in Tanzania Shillings (TZS), which is the Authority's functional and presentation currency as per IPSAS 4. Items included in the financial statements have been measured using the currency of the primary economic environment in which the Authority operates.

#### Transactions and balances

Transactions in foreign currencies during the year are converted into Tanzania Shillings at rates prevailing at the transaction dates. Monetary items denominated in foreign currency are translated using the exchange rate as at the reporting date. Non-monetary items measured at historical cost denominated in a foreign currency are translated at the date of initial recognition. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at year-end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognized in surplus or deficit.

### **(c) Revenue Recognition**

The Authority recognizes revenue when the amount of revenue can be reliably measured, it is probable that future economic benefits will flow to the entity and when specific criteria have been met for each of the Authority's activities as described below.

The amount is not considered to be reliably measurable until all contingencies relating to the sale have been resolved. The Authority bases its estimates on historical results, taking into consideration the type of customer, the type of transaction and the specifics of each arrangement.

#### **i. Revenue from non-exchange transactions**

##### **Government subsidies and grants**

Government grants with condition are credited to liabilities a deferred income and amortised when utilised while the grants without conditions are credited directly to the statement of financial performance.

#### **ii. Revenue from exchange transactions**

According to IPSAS 9, this include the gross inflow of economic benefits or services potential during the reporting period when those inflows result in an increase in net asset/equity, other than increases relating to contributions from owners.

##### **Transaction fee**

Transactions fees are recognized when the trade of securities at the Dar es Salaam Stock Exchange has been concluded. The chargeable fee is 0.14% of the transaction consideration.

##### **Prospectus evaluation fees**

Prospectus evaluation fees are recognized on receipt of a draft prospectus from a market participant wishing to list securities publicly. The amount of fee is based on a graduated scale depending on the value of the securities.

##### **License fees**

License application and renewal fees are recognized on receipt of the application and when the licenses have been granted or renewed.

##### **Interest income**

Interest income is recognized for all interest-bearing instruments using the effective yield method. The effective yield discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount. The method applies this yield to the principal outstanding to determine interest income each period.

Interest income includes coupons earned on fixed income investments and accrued discount and premium on treasury bills and other discounted instruments

## **(d) Financial Assets**

### **i. Classification**

Financial assets within the scope of IPSAS 29 Financial Instruments: Recognition and Measurement are classified as financial assets at fair value through surplus or deficit, loans and receivables, held-to-maturity investments, or available-for-sale financial assets, as appropriate. The Authority determines the classification of its financial assets at initial recognition.

All financial assets of the Authority are in the category of loans and receivables, based on the purpose for which the financial assets were acquired.

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. They are included in current assets, except for maturities greater than 12 months after the end of the reporting period. These are classified as non-current assets. The Authority's loans and receivables comprise 'trade and other receivables' and 'cash and cash equivalents' in the statement of financial position.

### **ii. Recognition and measurement**

Regular purchases and sales of financial assets are recognized on the trade-date – the date on which the Authority commits to purchase or sell the asset. Loans and receivables are initially recognized at fair value and subsequently carried at amortized cost using the effective interest method.

### **iii. Offsetting financial instruments**

Financial assets and liabilities are offset, and the net amount reported in the statement of financial position when there is a legally enforceable right to offset the recognized amounts and there is an intention to settle on a net basis or realize the asset and settle the liability simultaneously.

The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Authority or the counter party.

### **iv. De-recognition**

Financial assets are derecognized when the rights to receive cash flows from the investments have expired or have been transferred and the Authority has subsequently transferred all risks and rewards of ownership.

### **v. Impairment of financial assets**

The Authority assesses at the end of each reporting period whether there is objective evidence that a financial asset or group of financial assets is impaired. A financial asset or a group of financial assets is impaired and impairment losses are incurred only if there is objective evidence of impairment as a result of one or more events that occurred after the initial recognition of the asset (a 'loss event') and that loss event (or events) has an impact on the estimated future cash flows of the financial asset or group of financial assets that can be reliably estimated. Evidence of impairment may include indications that the debtors or a group of debtors is experiencing significant financial difficulty, default or delinquency in interest or principal payments, the probability that they will enter bankruptcy or

other financial re-organization, and where observable data indicate that there is a measurable decrease in the estimated future cash flows, such as changes in arrears or economic conditions that correlate with defaults.

### **(e) Financial assets**

For loans and receivables category, the amount of the loss is measured as the difference between the asset's carrying amount and the present value of estimated future cash flows (excluding future credit losses that have not been incurred) discounted at the financial asset's original effective interest rate. The carrying amount of the asset is reduced and the amount of the loss is recognized in surplus or deficit. As a practical expedient, the Authority may measure impairment on the basis of an instrument's fair value using an observable market price. If, in a subsequent period, the amount of the impairment loss decreases, and the decrease can be related objectively to an event occurring after the impairment was recognized (such as an improvement in the debtor's credit rating), the reversal of the previously recognized impairment loss is recognized in the surplus or deficit.

### **(f) Financial liabilities**

Financial liabilities are initially recognized at fair value and subsequently measured at amortized cost. Financial liabilities are derecognized when extinguished.

### **De-recognition**

A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as a de-recognition of the original liability and the recognition of a new liability, and the difference in the respective carrying amounts is recognized in surplus or deficit.

### **(g) Cash and Cash Equivalents**

Cash and cash equivalents are carried in the statement of financial position at face value. For the purpose of cash flow statement, cash and cash equivalents consist of cash, bank balances and fixed deposits (FDR) with maturity less than 90 days.

### **(h) Account Receivables**

Account receivables are recognized initially at original invoice amount. Account receivables are measured at cost less the difference between the assets' carrying amount and the present value of estimated future cash flows, discounted at the effective interest rate, or where more appropriate, at the interest rate that the Authority would have to pay to finance such receivables.

### **(i) Property and Equipment**

As per IPSAS 17 Property and equipment are initially recorded at historical cost which includes expenditure that is directly attributable to the acquisition of the items.

Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that the future economic benefits associated with the item will flow to the Authority and the cost of the item can be measured reliably. All other repairs and maintenance are charged to the statement of comprehensive income during the financial year in which they are incurred.

Depreciation of property and equipment is calculated using the straight-line method to reduce the revalued amount of each asset to its residual value over its expected useful economic life. The useful lives, which are consistent with those applied in the previous years, are as under: -

#### Property and equipment classes

Description of Asset Category	Useful Life (Years)
Buildings	50
Motor Vehicles	5
Office Equipment	5
Furniture & Fittings	5
Computers & Accessories	5

Depreciation is charged on assets from the date when they are ready for use and ceases on the date when the asset is derecognized by the Authority. Assets that are subject to depreciation are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. Gains and losses on disposal are determined by comparing the disposal proceeds with the carrying amount and are charged to statement of comprehensive income.

#### Assets Life Table as per PAMG

Asset Condition	Asset Life as per Public Assets Management Guideline												
	4	5	7	10	15	20	25	35	40	50	60	75	100
	Estimated Remaining Economic Life												
New	4	5	7	10	15	20	25	35	40	50	60	75	100
Very Good	4	5	7	10	15	19	24	34	38	48	57	72	95
Good	3	4	6	9	13	17	22	30	34	43	51	64	85
Fair	3	3	5	6	9	12	15	21	24	30	36	45	60
Poor	2	2	3	4	6	8	10	14	16	20	24	30	40
Very Poor	2	2	2	2	3	3	4	6	6	8	9	12	15

During the period CMSA conducted review of remaining economic life of assets in line with IPSAS 3 and Public Assets Management Guideline (PAMG).

### **(j) Leasehold Land**

As per IPSAS 13, leases under which subtotal risks and benefits of ownership of the assets are effectively retained by lessor are classified under operating leases. Obligation incurred under operating leases are charged to the surplus or deficit in equal instalments over the period of lease, except when an alternative method is more representative of the time pattern from which benefits are derived.

Land is initially recognized at historical cost which includes expenditure that are directly attributable to the acquisition of that land, subsequently land is amortized over its lease period, and amortization charges are charged to surplus or deficit.

Gains and losses on disposal are determined by comparing the disposal proceeds with the carrying amount and are charged to Statement of Financial Performance.

### **(k) Intangible Assets**

As per IPSAS 31, acquired computer software licenses are capitalized on the basis of the costs incurred to acquire and bring to use the specific software. Costs of acquiring software that is regarded as an integral part of some identifiable hardware are recognized as part of the cost of the hardware. Costs of acquiring other software are recognized as intangible assets and are amortized over their estimated useful lives.

Costs that are directly associated with the production of identifiable and unique software products controlled by the Authority, and that will probably generate economic benefits exceeding costs beyond one year, are recognized as intangible assets. Direct costs include the costs of software development, employees and an appropriate portion of relevant overheads.

Other costs associated with developing or maintaining computer software programs are recognized as an expense as incurred.

Computer software costs recognized as assets are amortized over their estimated useful.

The rate of amortization of intangible assets is set as per Public Assets Management Guideline.

### **(l) Employees Benefits**

The objective of IPSAS 25 is to prescribe the accounting and disclosure for both short- and long-term employee's benefits.

#### **Short Term Benefits**

The cost of all short-term employee benefits such as salaries, employees entitlements to leave pay, medical aids, other contributions, etc. are recognized as expense during the period in which the employees render the related services.

#### **Long Term Benefits**

CMSA contributes to pension schemes in favour of all employees who fall under permanent and pensionable terms. Contributions to pension funds are recognized as an expense in the period the employees render the related services. The contributions are made to a defined contribution pension fund and are recognized as liability when employee has provided service in exchange for employees benefit to be paid in future.

### **(m) Special Funds**

#### **Investors Protection Fund**

The fund is used subject to and in accordance with the Capital Markets and Securities Act, 1994 to redress an investor where the dealer is in defalcation. The fund grows by the amount dealers deposit for license annually.

#### **Car Loan Revolving Fund**

The fund is used to provide loans to eligible staff for purchasing vehicles. The fund grows by the amount allocated to the staff for the first time, in accordance with the CMSA Staff Regulations and interest earned from investment of the fund.

#### **Office Building Fund**

The fund is set for the development of the Authority's own offices. It grows as and when the Authority makes a decision to that effect depending on availability of resources

**Staff Housing Loan Fund**

The fund is used to provide staff loans for construction or purchase of houses. This fund grows depending on availability of resources and interest earned from investment of the fund.

**Insurance Fund (staff housing)**

The Insurance Fund is provided to cover the housing loans provided to employees in the event of death before completion of the loan repayments. It grows by withholding a percentage of the approved loan amount as stipulated in the Staff Regulations and interest earned from investment of the fund.

**Administrative Cost Fund**

The Administrative Cost Fund caters for the administration costs related to the management of housing loans. It grows by withholding a percentage of the approved loan amount as stipulated in the Staff Regulations and interest earned from investment of the fund.

**(n) Budget information**

The annual budget is prepared on the accrual basis, that is, all planned costs and income are presented in a single statement to determine the needs of the Authority. As a result of the adoption of the accrual basis for budgeting purposes, there are no basis, timing or entity differences that would require reconciliation between the actual comparable amounts and the amounts presented as a separate additional financial statement in the Statement of Comparison of Budget and Actual Amounts.

The annual budget figures included in the financial statements are not made publicly available. These budget figures are those approved by the board of directors.

**(o) Accounting for leases**

As per IPSAS 13, leases under which a significant portion of the risks and rewards of ownership are effectively retained by the lessor are classified as operating leases. Payments made under operating leases are charged to the Statement of Financial Performance on a straight-line basis over the period of the lease.

**(p) Comparatives**

Where necessary, comparative figures have been adjusted to conform to changes in presentation in the current year.

**3. CRITICAL ACCOUNTING ESTIMATES AND ASSUMPTIONS**

The preparation of financial statements in conformity with IPSAS 3 which requires the use of certain critical accounting estimates and judgments. Such estimates and judgements are continually evaluated and are based on historical experience and other factors, including experience of future events that are believed to be reasonable under the circumstances.

**(a) Critical accounting estimates and assumptions**

The Authority makes estimates and assumptions concerning the future. The resulting accounting estimates will, by definition, seldom equal the related actual results. The estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amount of assets and liabilities within the next year are addressed below.

**(b) Property and equipment**

Critical estimates are made by the directors in determining depreciation rates for property and equipment and their residual values. The rates used are set out in Note 2 (h) above.

**(c) Critical judgements**

In the process of applying the Authority's accounting policies, management has made judgments in determining whether assets are impaired. None of the assets was determined to be impaired.

CMSA have 6 key management personnel and the compensation paid or payable to key management for employee services is as follows.

	2022/23	2021/22
Salaries and other short-term benefits	842,180	536,580
Defined contribution plan	126,327	80,487
	<b>968,507</b>	<b>617,067</b>

### Balances with key management

Outstanding balance of loans advanced to key management personnel was TZS 366.4 million (2022: TZS 389.3 million).

At start of the year	366,383	389,251
Additions of borrowings	50,000	100,000
Repaid loans	(45,840)	(122,868)
At the end of the year	<b>370,543</b>	<b>366,383</b>

Director's fees of TZS 97.0 million (2022: TZS 92.0 million) were paid to non-executive directors of the Authority during the year.

## 21.FINANCIAL RISK MANAGEMENT, IPSAS 30

The authority's activities expose it to a variety of financial risks, including credit risk and the effects of changes in debt and equity market prices, foreign currency exchange rates, liquidity risk and interest rates. The authority's overall risk management programme focuses on the unpredictability of financial markets and seeks to minimize potential adverse effects on its financial performance.

This note presents information about the Authority's exposure to financial risks, the Authority's objectives, policies and processes for measuring and managing risk. The Capital Market and Securities Authority has established audit and risk management committee made up of senior management which is responsible for developing and monitoring the authority's risk management policies which are established to identify and analyze the risks faced by the authority, to set appropriate risk limits and controls, and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the authority's activities.

Capital Market and Securities Authority has established audit and risk committee, which carries out regular and ad hoc reviews of risk management controls and procedures. The results are reported to senior management.

The Authority manages the risks it is exposed to as follows:

### **Credit risk**

The maximum exposure to credit risk is the carrying amount of receivables as disclosed in Note 15 (after adjusting for the office rent deposit and prepayments), cash and cash equivalents disclosed in Note 16 and financial assets disclosed in Note 20. There are no significant concentrations of credit risks within receivables. There are no amounts relating to credit risk that are overdue, overdue but not impaired or individually determined to be impaired. No collateral is held for any of the financial assets. Credit risk relating to cash and cash equivalents is managed through dealings with reputable banks. Credit risk relating to staff housing and loans is managed as follows:

(a)CMSA withholds from the employee 4% of the housing loan advanced to cover a possible loss in the event of death.

(b)CMSA has access to the terminal benefits of the employee in the event the employee services come to an end.

### **Liquidity Risk**

This is the risk that funds will not be available to honor cash obligations as they arise. A significant portion of the Authority's activities is funded by through government grants based the capital and revenue budget of the Authority. The Authority will not undertake activities for which no funds are available. The financial liabilities of the Authority are payable within 12 months of the year end. The amounts disclosed below are the contractual undiscounted cash flows.

## 22.COMMITMENT

### **(i)Capital Commitments**

## 28. EVENTS AFTER THE REPORTING DATE

There is no known event that has impacted on the results for the year and the statement of financial position of the authority after the reporting date.

# 9.0. Appendices

## 9.1 Regulatory Functions of CMSA

Generally, the CMSA is charged with the functions or duties to promote and maintain efficient, fair, transparent, safe and stable capital markets for the benefit and protection of investors. The CMSA therefore regulates the capital market, establishes standards for investor protection, enforcement mechanisms, transparency and disclosures, resolution regimes and business conduct to enable mitigation and management risks against erosion of market trust.

In discharging its duties, the CMSA regularly –

1. review whether its current regulatory requirements and framework adequately addresses risks posed to investor protection and to fair efficient and transparent markets as well as to the reduction of systemic risks;
2. monitors, regulates and maintains surveillance over the operations of the regulated persons and regulated activities;
3. conducts public education programmes, to ensure the understanding by the public of capital markets of the benefits, risks and liabilities associated with investing in the capital markets and trading in securities;
4. inquiries into the affairs of, conduct routine or ad hoc inspections of the documents, reports and records of any licensed, regulated person or any public company, securities exchange or issuer of securities;
5. advises the Minister on all matters relating to the capital market industry; licence or approve, as the case may be, the regulated persons and regulated activities with a view to maintaining proper standards of conduct and professionalism in the capital markets;
6. formulates principles for the guidance of the capital market industry;
7. regulate and approve offers of securities;
8. monitors and supervises unlisted public companies;
9. liaise effectively with regulators and supervisors of other financial institutions locally or overseas including entering into Memoranda of understanding or agreements on matters of common interest.

In the execution of its functions, the CMSA has powers to –

1. call for information, documents or reports from licensed or regulated persons;
2. inspect, conduct inquiries and audit of exchanges, and licenced or regulated persons;
3. call for, or furnish to any person or agency, such information as may be considered necessary by it for the efficient discharge of its functions;
4. conduct investigations where it believes there is a violation of the law or where a transaction in securities is dealt with in a manner that is detrimental to the investors or the capital market;
5. intervene in the management and control of a regulated person or capital market intermediaries which it considers has failed, is failing or in crisis including entering into the premises and doing such act and things as the board deems necessary for the protection of investors;

6. Undertake such other powers including powers of supervision and enforcement conferred upon it under the Act including supervision and enforcement.

## 9.2 Committees of the Authority

The following is the composition of the Committees which served the Authority during the period under review:

### THE AUDIT AND RISK COMMITTEE

| 1. Mr. Godfrey Nyaisa   | - Chairman |
| 2. Ms. Zawadi Maginga   | - Member   |
| 3. Ms. Liku Kamba       | - Member   |
| 4. Mr. Samuel N. Marwa  | - Member   |
| 5. CPA. Nicodemus Mkama | - Member   |

## 9.3 Capital Markets Legislations

### 9.3.1 Principle Legislations

#### a) The Capital Markets and Securities Act Cap. 79 of the Laws of Tanzania [PRINCIPAL LEGISLATION];

An Act to establish a Capital Markets and Securities Authority for the purposes of promoting and facilitating the development of an orderly, fair and efficient capital market and securities industry in Tanzania, to make provisions with respect to licensing of stock exchanges, stockbrokers and other persons dealing in securities, and for connected purposes.

#### b) Capital Markets and Securities (Amendments) Act, 2010.

An Amendment to the Act establishing the Capital Markets and Securities Authority

#### c) The Commodity Exchanges Act (Act No. 19 of 2015)

The Act provides a legal framework for sound management of commodity exchanges, ensuring the proper management of the business persons by empowering the CMSA to supervise and regulate commodity exchanges in Tanzania.

### 9.3.2 Capital Markets and Securities Regulations and Guidelines

#### **a)The Capital Markets and Securities (Licencing) Regulations, G. N. No. 417 of 1996**

These regulations set out the procedures to be complied with by the applicants for licensing e.g. dealers, investment advisers or their representatives. The requisite application forms are prescribed in the Regulations. General conditions relating to licenses once obtained are also provided for, including the provision that the license shall be personal to the applicant and the requirement for a license to inform the Authority (by written notice) of any relevant alterations or occurrence.

#### **b)The Capital Markets and Securities (Registers of Interests in Securities) Regulations, G. N. No. 415 1996**

Certain market players are required by the Act to maintain a register in the prescribed form of the securities in which he has an interest. These regulations therefore include the prescribed form as well as a provision for varying of the form of register by the Authority where necessary. The registers of interests in securities will enable transactions to be easily traceable by the Authority and other interested parties thus providing the requisite transparency in securities transactions.

#### **c)Capital Markets and Securities (Establishment of Stock Exchange) Regulations, G. N. No. 416 of 1996**

These regulations make provision for procedures for the establishment of the stock exchange as well as an interim stock trading facility. In the case of a Stock Exchange, the application has to be made by a body corporate while interim stock trading facility is not a body corporate (it only provides an interim mechanism for trading).

Applications are to be made to the Authority which grants approval subject to certain conditions, and will continue to regulate the stock exchange once it is approved.

#### **d)The Capital Markets and Securities (Financial and Accounting Requirements) Regulations, G. N. No. 14 of 1997**

These regulations provide for the maintenance of accounting records (including audit trail) preparation of the annual financial statements as well as treatment of customer money in accordance with the law (i.e. in trust for the client).

These Regulations supplement the provisions on accounts and audit which are contained in the Capital Markets and Securities Act.

#### **e)The Capital Markets and Securities (Advertisements) Regulations, G. N. No. 15 of 1997**

These Regulations relate to the vetting of securities advertisements by the Authority and it provides for a number of conditions that have to be met by advertisers in the securities business. Conditions include the requirement for the content and presentation of the advertisement that the advertisements have to be factual, that comparison or contrasting of investment should not be done unless it is fair, as well as restrictions on forecasts and references to taxation.

**f)The Capital Markets and Securities (Collective Investment Schemes) Regulations, G. N. No. 770 of 1997**

To supplement the Capital Markets and Securities Act, these regulations make detailed provisions relating to the roles of managers, trustees, schemes, trust deeds, pricing, issue and redemption of units/shares and other relevant matters.

**g)Capital Markets and Securities (Prospectus Requirements) Regulations, G.N. No. 769 of 1997**

These regulations supplement the general provisions on public issues of securities which are contained in the Capital Markets and Securities Act. The prospectus is an important document since the issuance of a prospectus is a prerequisite where a public offer is being made. The items required to be included in the prospectus are listed in the Regulations. These include matters to be stated in the first page of the prospectus. Others include information on the rights of holders, information on bankers, capital from issuer, debt of issuing any material contracts, the use of the proceeds from the issue etc.

**h)The Capital Market and Securities (Conduct of Business) Regulations, G. N. No. 771 of 1997**

The Conduct of Business Regulations list rules on conduct including inducements, churning, customer rights, confidentiality, changes, execution in addition to the conduct of business regulations covered in the Capital Markets and Securities Act.

**i)The Capital Markets and Securities (Capitalization and Rights Issue) Regulations, G. N. No. 288 of 2000**

The Capitalization and Rights Issue regulations set out the disclosure requirements that an issuer is obliged to comply with during Capitalization of when making Rights Issue. This has to be done after obtaining the approval of the Authority.

**j)The Capital Markets and Securities (Foreign Investors) Regulations, 2014**

These regulations allow foreign investor to purchase the securities of a listed company or an issuer in respect of which the issuer is making a public offer. However, the participation of foreign investors in the primary market of the government securities have been left to be subject to such conditions or requirements as the Bank of Tanzania may prescribe. In addition, the provisions of Regulations 7,8 9, of the Capital Markets and Securities (Substantial Acquisitions, Takeovers and Mergers) Regulations with respect to continuous disclosures of acquisition of five percent and more shall apply in relation to acquisitions by foreign investors.

**k)Capital Markets and Securities (Custodian of Securities) Regulations, G.N. No. 166 of 2006**

These Regulations provide for the legal framework under which custodians can operate and be supervised within the capital markets. This has become more important particularly with the opening up of the capital market to foreign investors/participants.

### **l)Capital Markets and Securities (Substantial Acquisitions, Takeovers and Mergers) Regulations, G. N. No. 168 2006**

These Regulations regulate and govern mergers and acquisitions. The objective of these Regulations is to ensure that in the Tanzanian capital markets, the critical processes of mergers, acquisitions and takeovers, which significantly influence growth of enterprises, take place within an orderly legal framework and that such framework, conforms with the principles of fairness, transparency, equity and the need to protect the rights of shareholders affected by such transactions.

### **m)Capital Markets and Securities Authority (Nominated Advisors) Regulations, 2010**

These Regulations are designed to regulate and govern nominated advisory companies and individuals licensed by the Authority to undertake the responsibility of preparing SME companies to list on the stock market segment which facilitates trading of securities of start-up, small and medium size companies (SMEs) by assessing the appropriateness of an applicant to be listed and advising and guiding the company on its responsibilities.

### **n)Capital Markets and Securities Authority (Collective Investment Schemes) (Real Estate Investment Trusts) Rules, 2011**

These rules set out the role, responsibilities and eligibility criteria for companies seeking to operate as a Real Estate Investment Trusts. The rules are designed to protect investors when investing in income generating real estate alongside other investors in order to benefit from the inherent advantages of working as part of a group.

### **o)Guidelines for the Issuance of Corporate Bonds and Commercial Paper, 1999**

These Guidelines set out the disclosure requirements that an issuer is obliged to comply with when applying for issuance of a Corporate Bond or a Commercial Paper.

### **p)Capital Markets and Securities (Corporate Governance) Guidance, 2002**

These Guidelines aim at improving and strengthening corporate governance practices by issuers of securities through the capital markets and promote the standards of self-regulation so as to raise the level of governance in line with international trends.

The Guidelines have been issued in view of the role that good governance has in corporate performance, capital formation and maximization of shareholders value in addition to protection of investors' rights.

The Guidelines apply to public listed companies and any other issuers of securities through the capital markets including issuers of debt instruments.

### **q)Capital Markets and Securities (Conflict of Interest) Guidelines, 2002**

The Guidelines aim at giving members of the Authority and employees of the CMSA a framework within which to deal with conflicts of interest and other related matters. They are also intended to protect members of the authority and

employees of the CMSA against any suggestions that regulatory decisions have been influenced by personal interests or that their investment decisions are made by using insider information.

**r)Capital Markets and Securities Authority Enforcement Guidelines, 2004**

These Guidelines set out the practices and procedures to be followed by the CMSA when conducting investigations or inquiries where there is breach of the law by market participants or otherwise.

**s)Capital Markets and Securities Authority (Electronic Trading) Guidelines 2015**

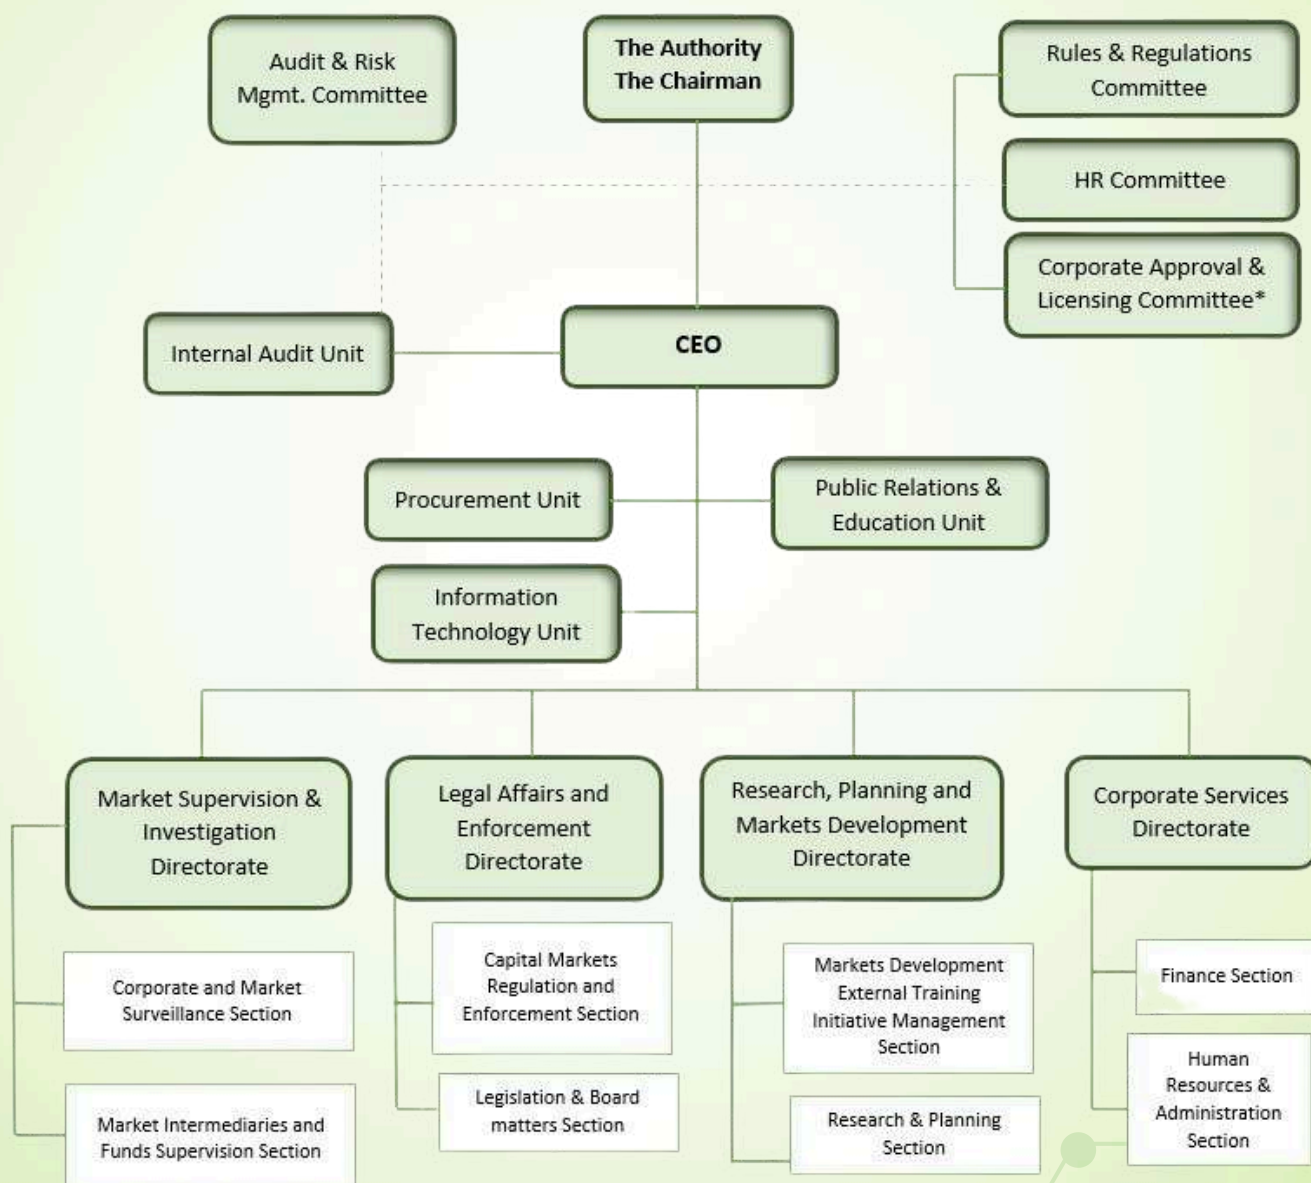

These Guidelines sets out the condition and requirements for for persons wishing to offer securities services in Tanzania through the Mobile Phone, Internet or other electronic medium.

### 9.3.3 Legislations in Pipeline

Until the end of the period under review, the new Capital Markets Regulatory Framework Act was undergoing review with the aim of addressing existing gaps and weaknesses. The review process takes into account international best practices and seeks to ensure compliance with the Objectives and Principles of Securities Regulation as set out by the International Organization of Securities Commissions (IOSCO). Among its key objectives is to broaden the scope of market products and intermediaries by including innovative and thematic instruments such as crowdfunding and Shariah-compliant products. In support of these developments, various complementary regulations will be introduced to guide the establishment, issuance, and operation of the new products.
